

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 98-354-C - ORDER NO. 1999-16
JANUARY 6, 1999

IN RE: Application of Main Street Telephone) ORDER /NR
Company for a Certificate of Public) APPROVING
Convenience and Necessity to Operate as a) CERTIFICATE
Reseller of Interexchange Telecommunications)
Services within the State of South Carolina and)
for Alternative Regulatory Treatment.)

This matter comes before the Public Service Commission of South Carolina (the “Commission”) by way of the Application of Main Street Telephone Company (“Main Street” or the “Company”) requesting a Certificate of Public Convenience and Necessity authorizing it to provide intrastate interexchange telecommunications services to the public within the State of South Carolina through the resale of similar services offered by other interexchange carriers (“IXCs”). The Company’s Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1997) and the Regulations of the Public Service Commission of South Carolina. By its Application, Main Street also requested alternative regulation of its business services offerings identical to that granted to AT&T Communications in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C.

The Commission’s Executive Director instructed Main Street to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of Application of Main Street and of the manner and time in which to file the appropriate pleadings for

participation in the proceeding. Main Street complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. No Petitions to Intervene or Protests were filed.

A hearing was convened on December 17, 1998, at 11:30 a.m. in the Commission's Hearing Room at 101 Executive Center Drive, Columbia, South Carolina. The Honorable Philip T. Bradley, Chairman, presided. Main Street was represented by John J. Pringle, Jr., Esquire. Florence P. Belser, Staff Counsel, represented the Commission Staff.

Patrick D. Crocker, Regulatory Counsel for Main Street, appeared and testified in support of the Application. The record reveals that Main Street is incorporated under the laws of the State of Delaware and is registered to transact business in South Carolina as a foreign corporation. According to Mr. Crocker, Main Street is a reseller of interexchange telecommunications services in equal access (Feature Group D) areas. Main Street intends to provide switchless interexchange telecommunications services from points of origin within South Carolina to points of termination within South Carolina, other parts of the United States, and foreign countries. Main Street's services include MTS, out-WATS, in-WATS, and calling card services. Mr. Crocker explained the Company's request for authority and the record reveals the Company's services, operations, and marketing procedures.

Mr. Crocker also discussed Main Street's technical, financial, and managerial resources to provide the services for which it seeks authority to provide. The record reveals that Main Street is authorized to provide telecommunications services in over 32

states. Finally, Mr. Crocker testified that Main Street will operate in accordance with Commission rules, regulations, guidelines, and Commission Orders.

Mr. Crocker also offered that approval of Main Street's application would benefit the public interest by creating greater competition in the interexchange marketplace, by providing a greater choice of options and services, and by promoting more efficient use of the underlying networks.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. Main Street is organized as a corporation under the laws of the State of Delaware and is authorized to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. Main Street operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. Main Street has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to Main Street to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through its own facilities and through the resale of

intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for Main Street for its resale of residential services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. Main Street shall not adjust its residential rates below the approved maximum level without notice to the Commission and to the public. Main Street shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level for residential services reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in

accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1997).

4. With respect to Main Street's business service offerings including credit card services, operator services, and customer network offerings, the Commission adopts a relaxed regulatory scheme identical to that granted to AT&T Communications in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C. Under this relaxed regulatory scheme, tariff filings for business services shall be presumed valid upon filing. The Commission will have seven (7) days in which to institute an investigation of any tariff filing. If the Commission institutes an investigation of a particular tariff filing within the seven days, the tariff filing will then be suspended until further Order of the Commission.

5. If it has not already done so by the date of issuance of this Order, Main Street shall file its revised tariff and an accompanying price list within thirty (30) days of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

6. Main Street is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers and facilities-based interexchange carriers should be treated similarly.

7. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

8. Main Street shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If Main Street changes underlying carriers, it shall notify the Commission in writing.

9. With regard to the origination and termination of toll calls within the same LATA, Main Street shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

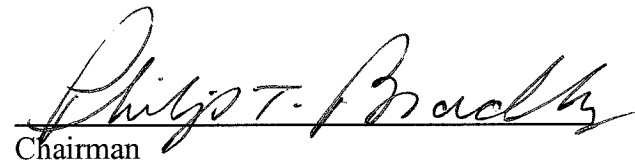

10. Main Street shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

11. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. Main Street shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Attachment B shall be utilized for the provision of this information to the Commission. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced.

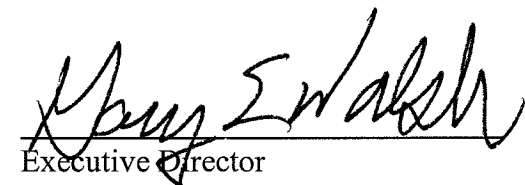

12. The Company is directed to comply with all Rules and Regulations of the Commission, unless a regulation is specifically waived by the Commission.

13. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:
